

Happy Kiss FJ Pendant

Designer: Caleb Siemon & Carmen Salazar

Description:

The happy lights take advantage of the thickness and brilliance of our crystal to create a light with unending refractions. Each one is hand manipulated to create a creased and singularly individual form. The works are blown in solid clear crystal or use the Italian technique of 'sommerso' or encased color. Hand blown and shaped in lead free crystal. No molds are used, and each glass shape is unique. One 20 watt, 12 volt bipin halogen bulb is included. Canopy sold separately. ETL Listed. 4 inch width x 4 inch height x 72 inch length. Made in California and signed by Caleb and Carmen. Each piece is handmade; dimensions and color may vary slightly.
