

77 Moons Wall Sconce

Description:

77 Moons wall mount features a crystal quartz ball, white diffuser, optical glass filters and a stainless steel finish. White light passes by two semi-reflective color filters and is decomposed into the colors of the rainbow spectrum, mixed by moving the filter discs and blasted against the wall or into the room. Color filters adjust creating new color projections and effects. Includes transformer and On/Off switch on the cord. One 35 watt, 12 volt, MR16 GU5.3 base halogen lamp not included. Directional light distribution. 8W x 12H x 4 inch depth.

Shown in: Stainless Steel / White

List Price: \$625.00
