

Vent-Bettina Ceiling Fan

Description:

Vent-Bettina Ceiling fan is thoughtfully designed with its arms gently upward curving. The fan offers fluid lines and quiet axial rotation. The motor heads can be infinitely positioned in 180 degree arcs for optimum air movement; the greater the angles of the motors to the horizontal support rods -up or down, the faster the axial rotation. Constructed of cast aluminum, heavy spun and stamped steel. Carries a limited lifetime warranty. Available with a Chrome motor and Mahogany blades. Includes one 20 inch is downrod and Lutron decora-style SFS-5E fully variable wall switch in white. UL listed. 44 inch width x 27 inch height.

Shown in: Chrome / Mahogany
