

PETIT CRYSTAL DELUXE 5894-__ __O

9 Lights
Diameter: 18"
Body Length: 10"
Hanging Weight: 13 lbs.

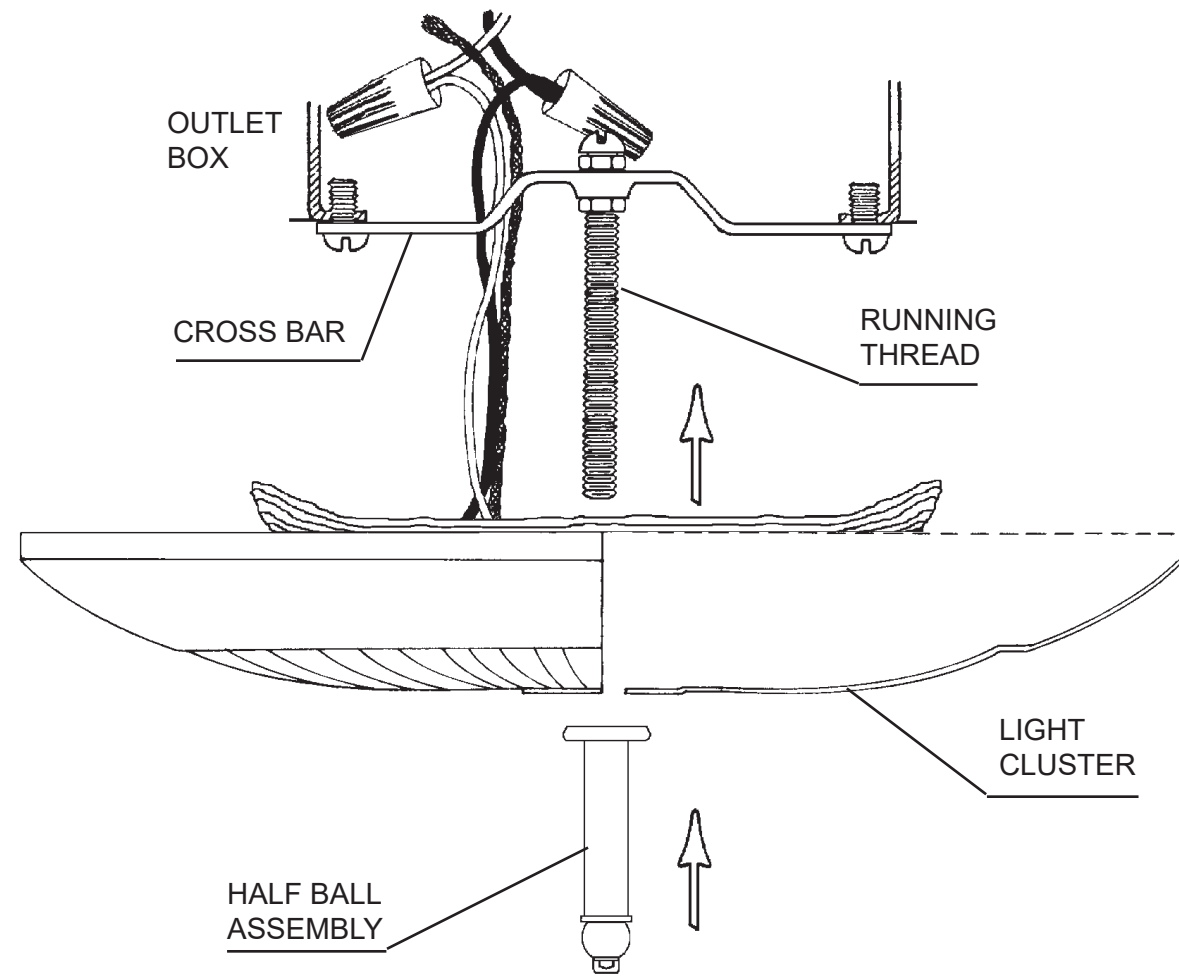

THIS DESIGN IS THE PROPRIETARY
TRADE DRESS/TRADEMARK OF
W SCHONBEK LLC.

 **SCHONBEK** | 1870

 **SCHONBEK** | 1870

								
MAX 40 W		110-120 V						

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

- 1** Remove crossbar from light cluster and attach to outlet box.
- 2** Feed stem wires through crossbar and attach to power wires in outlet box.
- 3** Place light cluster over thread attached to crossbar and secure with half ball assembly.

4

You will need 9 - G16-1/2
25 Watts Recommended
40 Watts Max
MIN 75°C SUPPLY
CONDUCTORS

Install bulbs and be sure
to test fixture BEFORE
trimming.

CRYSTAL CHAIN ASSEMBLY

NOTE: There will be a slight resistance
when putting the pin through the top
crystal. Do NOT bend pin or try to scrape
out crystal hole. The resistance holds the
crystal chain on the pin.

5 Assemble all crystal chains and pins
provided. See "Crystal Chain Assembly"
above. Hang upper gallery Chains "F"
FIRST! Set mirror plate on cardboard stand.
Hook all Crystal Chains "F" into slots in the
mirror plate so the metal accessories face
outwards and the square jewel is on the
upper end. See illustrations #1 - #3. NOTE:
Allow ends with small jewels to hang loose.

6 Align holes in mirror plate with the balls
on the frame, raise mirror plate over balls,
then turn mirror clockwise until holes are
halfway between balls. See illustration #4.

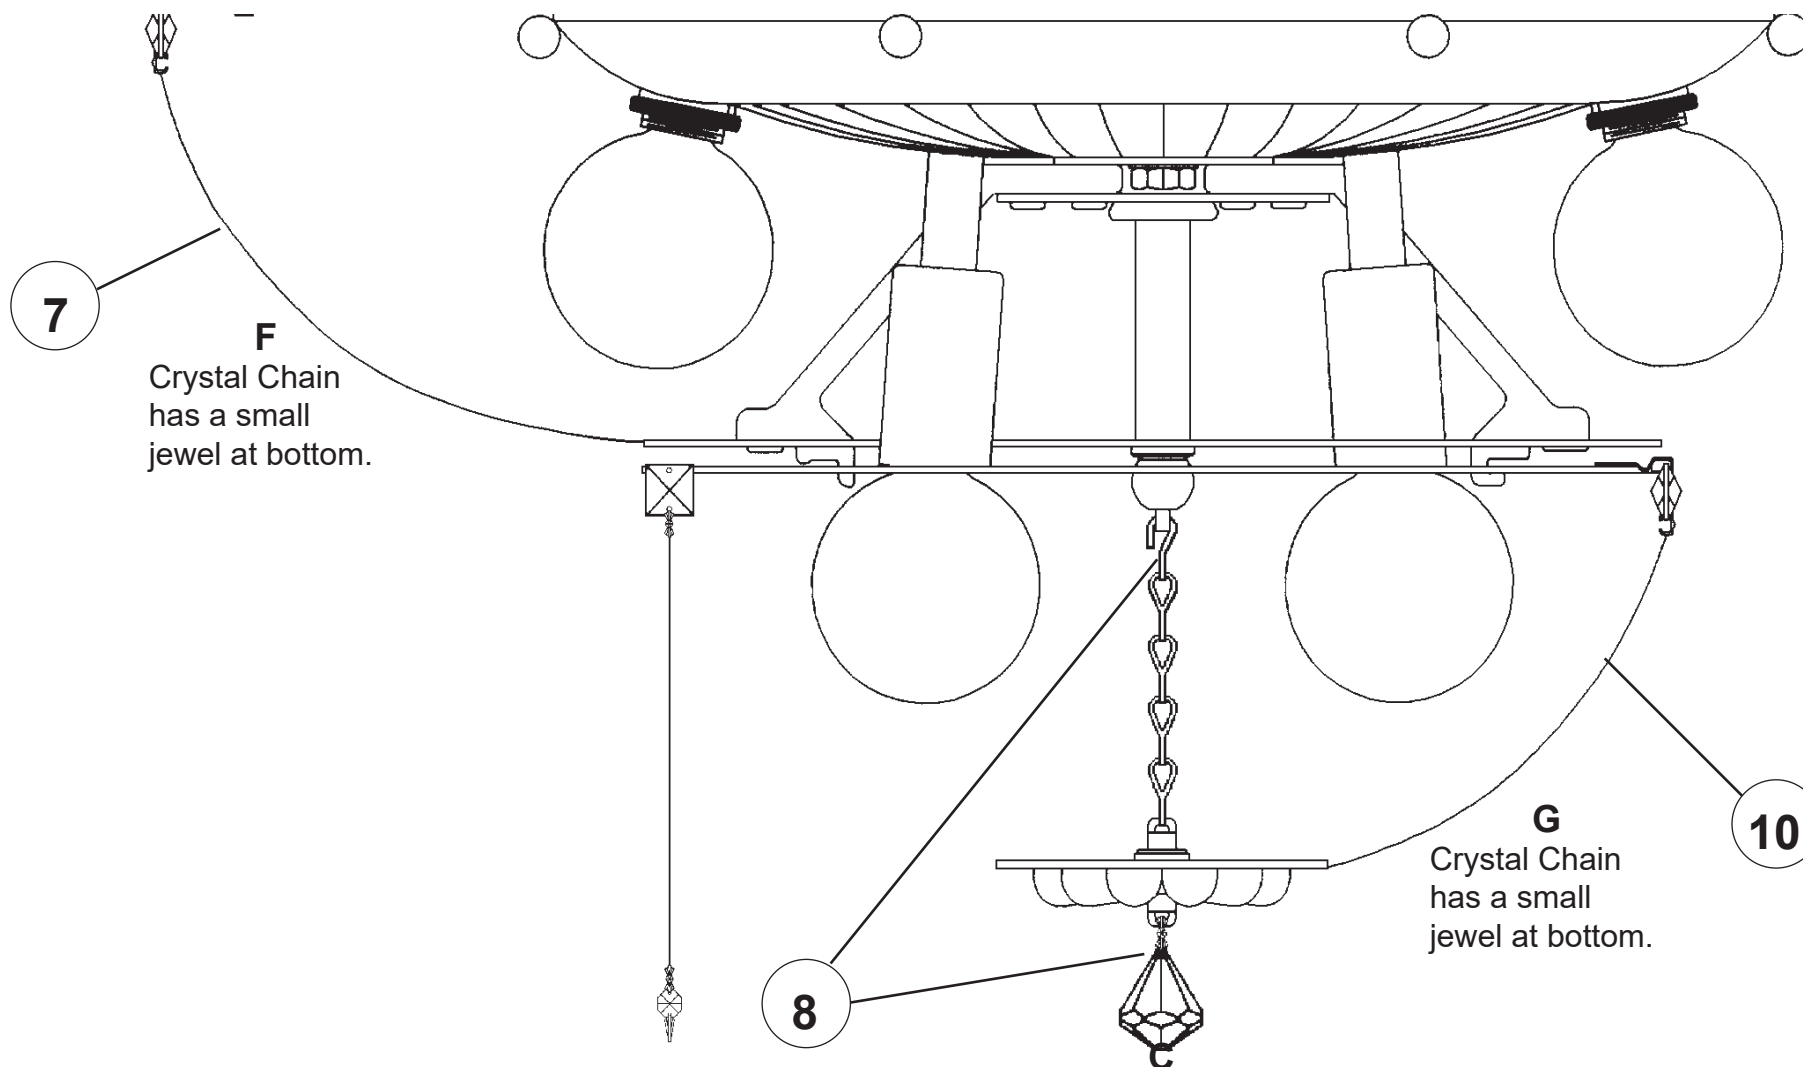

ILLUSTRATION 4

9 Hang lower gallery Chains "G" SECOND!
Turn cardboard stand over that was used for
Chains "F" (notches on bottom and squeeze
into a long diamond shape) and then set
lower mirror plate on cardboard stand. Hook
all Chains "G" into slots in the lower mirror
plate so that the metal accessories face
outwards and square jewel is on the upper
end. (See illustrations #1 - #3.) NOTE: Allow
ends with small jewels to hang loose.
