0300WLC

300W WIRELESS SMART LANDSCAPE CONTROL + DIMMER

The Hinkley Wireless Smart Landscape Control and Dimmer easily fits onto any Hinkley Pro Series Transformer. The Smart Control and Dimmer is fully enclosed and protected against the elements. Control two dimmable and two switching lighting zones to create customized lighting patterns for exterior spaces and landscaping. Hinkley Controllers are compatible with Variable Output LumaCORE™ Lighting Systems on the switching zones only.

CARTON WEIGHT:	1.6

PRODUCT DETAILS:

- Wet Rated
- The Hinkley Home Automation App allows you to control your landscape lights anytime, anywhere. You can turn dimmers on/off and adjust sliding brightness settings remotely.
- Set programs, timers, and schedules to create the perfect atmosphere throughout the day. Zones can be combined on the same schedule in the app.
- Compatible with smart home networks, including Amazon Alexa and Google Home, controlled via 2.4 GHz WiFi connection.
- Two independent dimming zones (75w each)
- 600w or larger transformers can use multiple controllers.
- The Hinkley App reports loading per zone and total load and can control digital trim at high and low ranges.
- 12V systems with LED bulbs consume less energy leading to lower electricity bills and a reduced carbon footprint
