

WARNING!

Be sure electrical power is OFF before and during installation or maintenance.
The luminaire must be installed by a qualified electrician, in accordance with all applicable local codes.

Ensure that the rated luminaire voltage requirements are compatible with the available mains supply in which it will be installed.
All LEDs are included in your lamp. Never touch the LED surface with your bare hands as this may reduce the life of your LED.
Do not alter, relocate or remove any electrical component.

ø8mm /
ø5/16"

Line: Cluster
Family: Pendente
Description: Pendente Cluster Accord Corda Linear

Input voltage: 120 - 240V
Input frequency: 60Hz

Material: Natural Wood Vener and MDF.

Read carefully all the assembling instructions below and turn OFF energy power before starting the installation.

Turn off the electrical power before starting the installation, and keep it turned off until the installation is completed.

- 1 Remove the protective packaging, taking care not to cut or scratch the wooden pieces.
- 2 Using the base (G) as a template, drill the holes in the ceiling with an 8 mm drill bit and insert the wall plugs (B) into the holes.
- 3 Pass the power cable through the conical cable gland (P), attached to the canopy (C), through the central holes of the structural base (G) and junction box cover (J) and crossbar (C2), adjust the height as desired.
- 4 Make the electrical connections in compliance with all the safety standards and local electrical codes. This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product, and the hazards involved.
- 5 Screw the crossbar (C2) and junction box cover (J) in the junction box using the provided screws (S1).
- 6 Using the screws provided (S2), secure the structural base (G) in the previously inserted plugs and check that the installation is secure.
- 7 With the structural base (G) fixed, fit the canopy onto the base and secure it using the screws (S3) provided.
- 8 Insert the excess power cable through the cable grommet and tighten the side screw to lock it in place.
- 9 Install E26 led bulbs with a maximum power of 25w in the available sockets.

Turn on the electrical power.

The luminaire is ready for use.

PROVIDED SCREWS

ATTENTION!

FAILURE TO COMPLY WITH THESE INSTRUCTIONS MAY CAUSE ACCIDENTS AND LOSS OF PRODUCT WARRANTY.
It's recommended to read these instructions completely and carefully before proceeding.

SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.

ACCORD Lighting guarantees coverage against manufacturing defects including electrical components and finishes, for a period of three years, under normal use, from the date of purchase.
