

WARNING!

Be sure electrical power is OFF before and during installation or maintenance.
The luminaire must be installed by a qualified electrician, in accordance with all applicable local codes.

Ensure that the rated luminaire voltage requirements are compatible with the available mains supply in which it will be installed.
All LEDs are included in your lamp. Never touch the LED surface with your bare hands as this may reduce the life of your LED.
Do not alter, relocate or remove any electrical component.

REF. / Wattage
1441 / 23W
1442 / 38W

Input Voltage: 120V - 277V
Input Frequency: 60 Hz
Isolation: Class II

Material: Natural Wood Veneer MDF and Acrylic

Turn off the electrical power before starting the installation, and keep it turned off until the installation is completed.

This assembly may require the work of two people so it can be secure and well executed.

- ① Choose which side of the luminaire will be installed facing down. Pass the support cables through the holes on the luminaire, leaving the ball-end of the cables on the bottom, anchoring the luminaire. If you wish to flip the pendant in the future, just repeat the process of this installation guide after flipping the disc.
- ② The other end of the suspension cable shall be inserted at the adjustable cable grippers installed on the canopy. To insert the cable and adjust the height, press the tip of the gripper while simultaneously sliding the cable in. When you release it, the gripper will lock the cable and anchor the fixture. Repeat this process with all the grippers, adjusting the height and leveling the fixture. Reserve the extra cables by wrapping it inside the fixture, and make sure that it does not touch any electrical connections and electrical components.
- ③ Pass the power cables through the support base (B) and junction box cover (J). Make the electrical connections in compliance with all the safety standards and local electrical codes. This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product, and the hazards involved.
- ④ Using the (S1) screws, fixate the support base and junction box cover into the junction box, and make sure that the installation is secure.
- ⑤ Bring the canopy close to the support base, insert it and twist it to lock them in place.
- ⑥ Tighten the finishing screw (S2) to lock them together.

Turn on the electrical power.

The luminaire is ready for use.

ATTENTION!

FAILURE TO COMPLY WITH THESE INSTRUCTIONS MAY CAUSE ACCIDENTS AND LOSS OF PRODUCT WARRANTY.
It is recommended to read these instructions completely and carefully before proceeding.

SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.

ACCORD Lighting guarantees coverage against manufacturing defects including electrical components and finishes, for a period of three years, under normal use, from the date of purchase.
