ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Attach the chain (F) to the fixture loop on the fixture body, then pass the chain (F) through the canopy (D) and attach the other end to the loop on the crossbar bracket (B).
4. Attach the crossbar bracket (B) to the junction box, securing with the two screws (C). The side of the crossbar bracket marked "GND" must face outside.
5. Use the wire connectors (A) to connect fixture wires and supply wires: black to black, white to white, and ground to copper/bare.
6. Place the canopy (D) over the crossbar bracket (B) and secure with ring nut (E).
7. Insert the shades (H) through the circle rings on the fixture body (G).
8. Install proper bulbs (I) (not included) into the sockets, referring to the markings and/or labels on the fixture for maximum wattage.
9. Restore power to the installation point and retain this sheet for future reference.
