GENERAL PRODUCT INFORMATION:

These fixtures are intended to be installed utilizing NEC compliant junction boxes.
This product is safety listed for damp locations.
This instruction shows a typical installation.

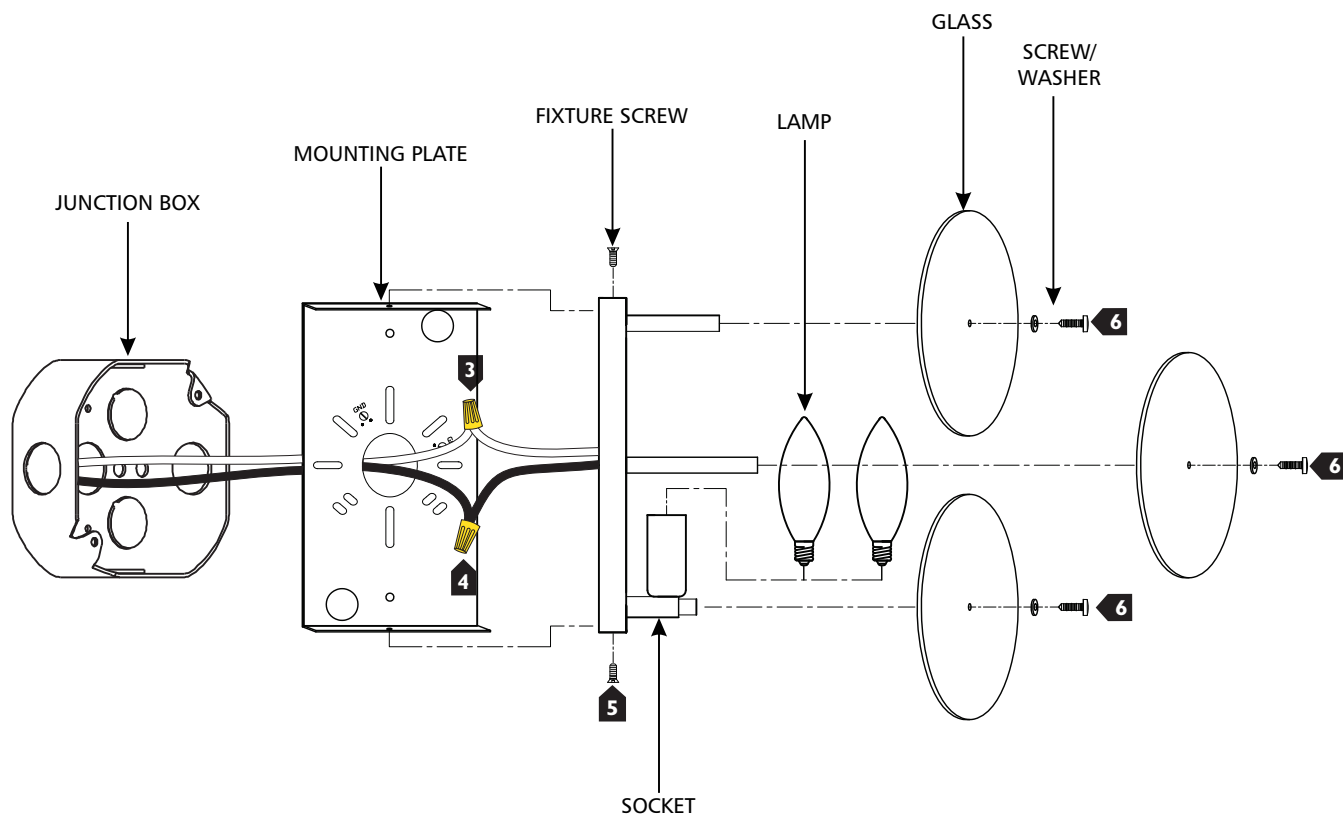

CAUTION - RISK OF FIRE
This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

SAVE THESE INSTRUCTIONS!

Install the Fixture

IA

- 1** Secure the mounting plate to the junction box.
- 2** Connect the fixture ground wire to a suitable ground in accordance to local electrical codes.
- 3** Connect the white fixture wire to the neutral power line wire with a wire nut.
- 4** Connect the black fixture wire to the hot power line wire with a wire nut.
- 5** Properly place all wires and wire nut connections into the junction box/fixture base, mount the fixture onto the mounting plate, and secure it in place using the fixture screws.
- 6** Screw the lamp into the socket. Refer to the label on the lamp socket for Max Wattage information.
- 7** Place a glass disk over each support rod and secure the glass with the screw and washer.
