

Nodes Floor Lamp

KT1011 1.1

GENERATION LIGHTING

Portable

GENERAL PRODUCT INFORMATION:

This product is safety listed for dry locations only.

This instruction shows a typical installation.

IMPORTANT SAFETY INSTRUCTIONS
 This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

- 1** Insert the stem into the base and secure in place by tightening the washers and hex nut using the provided wrench.
- 2** Install the plate over the socket and install the lamp by inserting it into the socket, Refer to the label on the socket for Max Wattage Information.
- 3** Carefully screw the shade onto the socket. **Do not over tighten. Make sure the shade is installed correctly before releasing.**
- 4** **Optional:** Carefully adjust the position of the fixture arm by turning it until the desired position is reached.
