**DESCRIPTION**

The Moon Portable Table Lamp Max is a whimsical, modern rendering of the 19th century Parisian street lamp. The simple aluminum lamp frame is functional while also highlighting the almost celestial glow of the light itself. Made specifically for indoor, it features a glass diffuser making it shine brighter. The Moon! Lamp features two light temperature settings (warm white 2700K and cool white 4000K) and a dimming function that allows you to gradually turn the lamp on and off. Recharge with the included USB cable. Controlled by a touch-activated dimmer on the base.

*Shown in: Red Ochre / White*
