

ASSEMBLY INSTRUCTIONS

BLOOM 2 LIGHT TABLE LAMP

1210799WB

1. Carefully remove all parts from the carton and place them on a clean surface. Please refer to the below list of components included inside the carton.
2. Place column (C) over metal disk.
3. Secure marble base (A) to column (C) using the threaded nipple, the star washer (K) and nut (L) with a 17mm wrench (M) provided. You will find your hardware attached to the bottom of column (C).
4. Insert the nipple through the top of the marble base (A), then thread on the star washer (K) and nut (L) and tighten with the 17mm wrench (M) provided.
5. Connect male and female amp connectors (H and I) at the top of the column (C). Tuck the excess wire into column (C).
6. Insert Arm Set (D) into the column (C) and secure with thumb set screw (J).
7. Insert the lamp shades (E) x2 onto the socket cups at the top of arm sets (D).
8. Insert the socket ring (F) onto each socket to secure the lamp shades.
9. Screw the light bulbs (2) (G) into each socket (14W G45 E26 1500 Lumens bulbs provided).
10. Plug into a surge protected 110V outlet and enjoy the beautiful light!

IMPORTANT SAFETY INSTRUCTIONS

This lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.

IMPORTANTES INSTRUCCIONES DE SEGURIDAD

Esta lampara tiene un enchufe polarizado (una navaja es mas ancha que la otra) como forma de seguridad para reducir el riesgo de un shock electrico. Este enchufe polarizado entrara en una conexi3n solo de un lado. Si el enchufe no entra en la conexi3n trate al reverso. Si aun asi no entra, contacte a un electricista calificado. Nunca use una extension a menos que el enchufe pueda ser conectado completamente. No altere el enchufe.
