

# INSTALLATION INSTRUCTIONS

For item#3869-695 (New. 8/03/2020)

## READ AND SAVE THESE INSTRUCTIONS

**WARNING! SHUT POWER OFF AT FUSE OR CIRCUIT BREAKER.**

**AVERTISSEMENT! COUPER LE COURANT AU NIVEAU DES FUSIBLES OU DU DISJONCTEUR.**

### PREPARING FOR INSTALLATION (Fig. 1)

1. Shut off power at the fuse box or circuit breaker box and remove the old fixture including the mounting hardware.
2. Carefully unpack your new fixture and lay out all the parts in a clean area. Take care not to misplace any small parts necessary for installation.

### ASSEMBLING THE FIXTURE WITH CHAIN LOOP (Fig.1)

3. Thread the rod and canopy assembly (F) onto the all thread (G) on the top of fixture body.
4. Attach the mounting plate (A) to the junction box, not included, with mounting screws (B) (Size: #8-32N\*L0.5"). The side of the mounting plate with "GND" marked on it and two convex points must face out.
5. The support cable is provided to support the weight of the fixture while wiring. Align the fixture to mounting plate (A) and attach hook (I) on the end of support cable (C) into a slot located on mounting plate (A). Carefully allow the support cable (C) to support the weight of the fixture while wiring.

### CONNECTING THE WIRES (Fig. 2)

6. Connect the electrical wires as shown in fig.2, making sure that all wire connectors are secured. If your junction box has a ground wire (green or bare copper), connect the fixture's ground wire to it. Otherwise, connect the fixture's ground wire directly to the mounting plate (A) using the green screw provided.
7. Tuck the wire connectors neatly into the junction box and raise the canopy to the ceiling.

### COMPLETING THE INSTALLATION (Fig. 1)

8. Place canopy (D) over the mounting plate (A) and secure it with screws (E).
9. Install (4) four candelabra base bulbs (H) up to 60 watts each or CFL or LED equivalent (not included) in accordance with the fixture specification. **—DO NOT EXCEED THE MAXIMUM WATTAGE RATING! (NE PAS DEPASSER LA PUISSANCE NOMINALE MAXIMALE!)**

Your installation is now complete. Return power to the outlet box and test the fixture.

**Note:** Illustration (Fig. 1) on this manual is for installation purposes only. It may or may not be identical to the fixture purchased.
