

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. The fixture body (4) passes through the shade (5) and steel washer (6). It's locked with the knurled nut (7).
4. Tighten the bottom plastic screw (8) by screwdriver.
5. Determine the desired height at which the pendant will be installed.
6. Adjust the cord length with the top plastic screw (9) of the cable lock grip by screwdriver.
7. Refer to the additional installation instructions included with the product for wiring and installation.
8. Install the canopy (1) to the ceiling using the ball nuts (2).
9. Install proper bulbs into the sockets referring to the markings and or labels on the fixture for maximum wattage.
10. Restore power to the installation point and retain this sheet for future reference.
