

AJ ROYAL

The pendant comes in three sizes and is characterized by the ridges on top that allow a gentle light to exude upwards. In the new, energy-saving LED version, all three sizes come with a diffuser, which offers a smoother, 100% glare-free lighting.

Arne Jacobsen

Arne Jacobsen was born and raised in Copenhagen. In 1927, he graduated as an architect from the Royal Danish Academy of Fine Arts in Copenhagen. After graduating, he obtained his first job at the office of the City Architect of Copenhagen launching his own office only two years later.

Product description

The AJ Royal is an icon that follows his overall geometric shape concept. The spherical dome shape is simple yet complex. The circular ringed louvers on top provides a glow while still maintaining its overall domed shape. These ridges allows a gentle light to exude upwards, while the custom LED boards provide a glare-free lensed downlight. The fixture is available in 3 different sizes: 9.8", 14.6", 19.7" diameters. The dome-shaped pendant comes in three sizes and is characterized by the ridges on top that allow a gentle light to exude upwards.

Mounting

Mounts onto a 4 inch octagonal outlet box. Includes a single stainless steel aircraft wire to support the weight. Canopy: Black or white to match pendant finish, contoured cone profile, 9.4 IN diameter x 7.6 IN tall. Electronic driver for 120-277V power supply housed inside canopy. Cord type: 2-conductor, 18 AWG white or black PVC power cord. Cord length: 12 feet.

Light description

A downward light is diffused by the bottom opal white diffuser with upward accent illumination through the open rings at the top of the shade. Standard CCT in 2700K or 3000K, controlled by electronic driver.
