ADVERTENCIAS

- Se recomienda que la instalación sea realizada por un profesional.
- Desconectar la conexión a red antes de ser manipulada.
- La fuente de luz de esta luminaria debe reemplazarse únicamente por el fabricante o su servicio técnico, o por una persona cualificada equivalente con objeto de evitar cualquier riesgo.
- Si el cable de la luminaria está dañado, deberá sustituirse exclusivamente por el fabricante o su servicio técnico.
- Para limpiar la luminaria utilizar un paño suave humedecido con agua y detergente neutro si fuera necesario. No usar alcohol u otros disolventes.
- Para la opción de regulación con Casambi, descargar la aplicación. Para más información ir a la web www.casambi.com

WARNING

- It is recommended that a professional electrician be responsible for installing the light.
- Disconnect power supply before installation.
- The light source of this lamp should only be replaced by the manufacturer, its technical service or a similarly qualified person, in order to prevent risks.
- If the wire is damaged, it must only be changed by the manufacturer, their Service Dept. or qualified personnel.
- To clean the luminaire use a soft damp cloth with soap or a neutral detergent. Do not use alcohol or other solvents.
- To use the dimming option with Casambi, please download the app. For more information, visit www.casambi.com.

HINWEISE

- Wir empfehlen, die Installation von einem Fachmann vornehmen zu lassen.
- Unterbrechen Sie die Verbindung zum Netz vor Beginn der Arbeit.
- Die Lichtquelle dieser Leuchte darf ausschließlich vom Hersteller oder dessen technischem Dienst bzw. einer Person mit vergleichbaren Qualifikationen ausgetauscht werden, um jedes Risiko zu vermeiden.
- Wird das Kabel der Leuchte beschädigt, darf dieses nur durch den Hersteller, dessen technischen Service, oder eine entsprechend qualifizierte Person ausgetauscht werden.
- Zur Reinigung der Leuchte empfiehlt es sich, ein weiches Tuch zu verwenden und dieses, falls nötig, mit Wasser und einem neutralen Reinger zu befeuchten. Alkohol oder Lösungsmittel sind zur Reinigung nicht geeignet.
- Für die Anwendung des Licht-Kontroll-Systems Casambi die App herunterladen. Für weitere Informationen besuchen Sie die Webseite www.casambi.com

3.

ON/OFF

DIM 1/10V

2. Screw in the retainers. Pass the steel cable through the retainer and cut to the required size.

3. Make the connections, attach the canopy support (A). Connect the positive and negative wires of the light source into their connectors (D) and secure the canopy (B) with the screws (C).

4.

3. Light sources can be positioned.

Lamps without the IP mark are classed as IP20 and are designed for general indoor use, except wet areas (bathrooms, etc.)

- Lamps with the IP mark are designed for outdoor use and in wet areas. (E.g. IP54)
- They offer guaranteed protection to people and animals against electric shocks:

Class I: through single electrical insulation and an earthing conductor once correctly connected.

Class II: through double electrical insulation.

Class III: these kinds of lamps should be connected at very low voltage levels (generally 12V); therefore there is no risk.

• Lamps with this symbol, or without any symbols, can be mounted directly onto normally inflammable surfaces.

• Lamps with this symbol cannot be mounted directly onto normally inflammable surfaces.

• The safety of this lamp is guaranteed by using a maximum wattage bulb that does not exceed the figure displayed visibly on the lamp.

• The product cannot be treated like conventional domestic waste; it must be taken to the appropriate recycling station for electrical and electronic equipment.
