

# Installation Instructions 1-Uplight Chandelier

For Model series: 9590 9591 9592 9594 9597

## IMPORTANT

- Justice Design recommends that a licensed electrician install this lighting fixture
- Installation must comply with all building, safety, and electrical codes and requirements
- Disconnect power to the junction box prior to installation
- Do not reconnect power until this fixture is properly installed
- This fixture is designed to mount to a standard metal 4-0 octagonal junction box

### Hardware Pack contains:

- A. 2 - Mounting Screws
- B. 2 - Wire Nuts

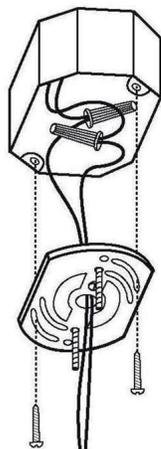

1

Screw two (2) All-Thread Posts into inner pair of holes in Universal Mounting Ring. Leave enough length to ensure All-Thread Posts will protrude through canopy of fixture.

2

Tuck wires and wire nuts into junction box. Attach Universal Mounting Ring to junction box using Mounting Screws.

3

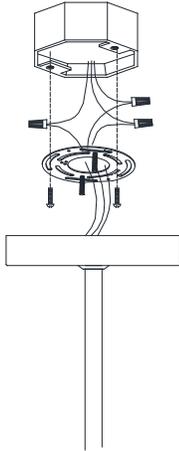

Assemble chandelier post to base. Be careful not to over-tighten or you may damage chandelier.

# 1-Uplight Chandelier

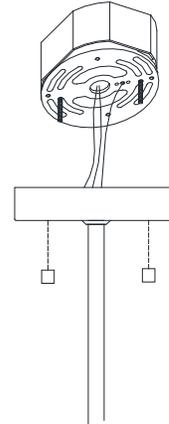

4

Connect fixture wires to supply wires using wire nuts. Observe polarity: black to power, white to neutral, and bare copper to green ground. Tuck wires and wire nuts into junction box.

5

Reattach fixture to Mounting Plate using screws.

6

Attach shades by placing over fixture arm and secure with shade spacer and shade lock ring.

7

Install bulbs. Take care never to exceed maximum wattage.

Please see the additional enclosed sheet for care instructions.
