

Vera Sconce
Assembly Guide

In Common With

Vera Sconce

incommonwith.com

Thank you for choosing In Common With. Please confirm that you received all of the components pictured in this guide, and reach out to us if anything is missing. It's rare, but it happens. We hope you enjoy your fixture. With proper care, it should last a lifetime.

Have questions? Please contact us at support@incommonwith.com.

CAUTION!

Electrical shock risk. Turn off electrical power at the main fuse box or circuit panel before beginning installation, servicing the light, or installing accessories. We recommend working with a qualified electrician familiar with the type of work you'd like done.

ATTENTION!

Risque de choc électrique. Coupez l'alimentation électrique au niveau de la boîte à fusibles principale ou du panneau de circuits avant de commencer l'installation, l'entretien de la lumière ou l'installation d'accessoires. Nous vous recommandons de travailler avec un électricien qualifié familier avec le type de travail que vous souhaitez effectuer.

Components

Vera Assembly

Canopy Backplate

E12 Tala Porcelain I Lightbulb (x2)

Canopy Screws (x2)

Hardware Pack

Step 1

Carefully unpack the fixture by removing the cardboard inserts first. This will relieve pressure off of the glass to easily remove the product.

Step 2

Before beginning installation, turn off electrical power at the main fuse box or circuit panel.

Step 3

Mount backplate to the junction box using a phillips head screwdriver to tighten the mounting screws

Step 4

Use the wago clips to connect the fixture's wires to the corresponding wires from the junction box in the wall or ceiling. White is neutral; Black is live; Green/Yellow is ground. One ground wire will be attached to the backplate, the other ground wire should come from the junction box. If needed use a wire stripper to remove 3/8" of the insulation from each wire before inserting them into the corresponding wago clip.

Step 5

Carefully slide the Vera Assembly up into the backplate and attach Assembly to backplate with canopy screws using provided screwdriver.

Step 6

Attach the two bulbs to the sockets by rotating counter clockwise until secure.

Step 7

Turn the power back on at the main fuse box or circuit panel you disabled before installation. Turn on the light :)

Never use scouring pads or abrasive cleaning solutions. If it comes in a bottle, it is bad for your fixture. Instead, we recommend using soft microfiber cloths, which are gentler on our products and the planet.

For Metal: Wipe with a damp or dry microfiber cloth. Please note that our brass is unlacquered, and will darken naturally over time.

For Glass: Wipe clear or colored glass with a damp microfiber cloth. For sandblasted or etched glass, use a dry microfiber cloth. Removable glass shades can be washed carefully in a sink using warm or hot water.

For Ceramic: Wipe with a damp microfiber cloth. Do not submerge in water.

We accept returns for store credit only, minus a 15% restocking fee. We do not accept returns on pieces from the Handmade, Disc, Terra, or Flora series, on the Ceramic or Colored Glass Up Down Sconces, or on items that are not in their original condition. Custom and Rush orders are final sale. Please note that shipping charges are non-refundable.

To request a return, email sales@incommonwith.com within ten days of receiving your order. Requests must be approved before a return can be processed. Requests made after ten days will not be accepted.

All products that come in their own box, including but not limited to light bulbs and accessories, must be returned in their original, undamaged box as this is considered part of the product. Once installed, products are no longer eligible for return.

We reserve the right to reject any returned items that do not meet the above requirements. If your return is rejected you will be notified via email.
