

Ceiling Canopy (Pebble III)

WIDTH 18,5cm | 7.28"

HEIGHT 8cm | 3.15"

DEPTH 18,5cm | 7.28"

DIAMETER 18,5cm | 7.28"

MATERIAL Polycarbonate 5VA

DRIVER EldoLED Solodrive SL0560

INPUT VOLTAGE 120 - 250V

INPUT FREQUENCY 50/60Hz

OUTPUT POWER 50W MAX

OUTPUT CURRENT Constant current, programmed

DATASHEET Visit EldoLED.com for full driver datasheet

DIMMING & LIGHTING CONTROL

Wireless Wall Switch

With our Wireless Wall Switch, you'll have full control over your Moooi lighting design with one touch. Our Wireless Wall Switch comprises two components, a wall switch and radio device to put in the canopy of your Moooi lighting design. The wall switch can be integrated in System 55 or Decora style wall switches. The Wireless Wall Switch communicates via Bluetooth with the radio device in the luminaires canopy. Within moments you can enjoy full and fluent dimming, all the way to dark.

The Wireless Wall Switch and radio devices are sold separately via mooi.com, our shops and dealers.

Mains / ELV dimming is not possible.

The Wireless Wall Switch is advised in this case.

WARNING! ONLY USE THIS PEBBLE III FOR THE PRODUCT STATED ON THE LABEL INSIDE.

WARNING! RISK OF ELECTRICAL SHOCK.

DISCONNECT POWER BEFORE WIRING.

MAKE SURE THE DIMMER AND DRIVER ARE COMPATIBLE.

DALI dt6

The luminaire is dimmable by integrating it into a DALI network. This is an universal and professional standard in home automation systems with endless control possibilities and ease. We advise to hire a professional to integrate the luminaire into your DALI network. DALI dt6 can also be used for commercially available converters, enabling the product to be integrated in 3rd party smart home systems.

Push / Pulse / Switch dim on line voltage

The luminaire is dimmable by using an external momentary switch or push button switch. The switch is usually mounted on an existing wall socket. In some cases a phase or control wire needs to be added to your home's wiring. The switch should be suitable for use with line voltage and of the type 'normal off, momentary on'. The luminaire dims perfectly when the switch makes and holds contact. A short press switches between on and off.
