

MOUNT RAINIER INTEGRATED BOLLARD

DESCRIPTION

The Mount Rainier Bollard features two cutout options with an integrated Frosted Mini Beam; one window or three windows. This bollard light is a perfect way to add soft light to your pathways and walkways. The Mount Rainier includes a stainless steel Impaler stake for secure installation. Dimmable with Brilliance Dimmer and most magnetic transformers. Order with stainless steel Impaler or ABS mounting stake. Light source UL Certified E511083.

INSTALLING THE FIXTURE

1. Dig a hole in the ground approximately 4" wide by 12" deep. When working with soft soil, use a rubber mallet to drive the Impaler or stake into the ground.
2. Lay the power cable from the fixture into the threaded hole on the Impaler or stake.
3. Use a level to ensure the top of the Impaler or stake is level with the ground.
4. Screw the fixture into the Impaler or stake.
