

NJP WALL

Project name:

Project type:

Notes:

Design

nendo

Product description

The NJP series was designed by Oki Sato, founder of nendo design studio. The NJP Wall lamp's flexible head and arms provide exceptional adjustability, which is often lacking in standard wall lights. This makes the light highly suitable for the bedroom, where adjustable beds are becoming increasingly common. Available in 4 colors and 2 sizes. May be programmed to automatically shut off after 4 or 8 hours.

Variant options

Color

- Black
- Dark aluminum grey
- Light aluminum grey
- White

Mounting

- Long arm
- Short arm

Light source

- LED 2700K
- LED 3000K

Lumen

- 529
- 550

Voltage frequency

- 120V

Light description

The fixture provides direct glare-free horizontal light while reflecting some of the light through the rear of the head, illuminating the top of the arm. The ergonomic design of the fixture head shapes the light and gives optimal light direction. A simple mechanical system provides great freedom of movement, so the light can always be set in the ideal position in the workspace. The shade is painted white on the inside, reflecting comfortable diffused light.

Mounting

Mounts to the wall and powered by a plug-in transformer for 120V operation. Push button switch on luminaire head steps through high - low - off operation.

Information

Electrical:
System Wattage: 10W
LED Wattage: 9W
Delivered lumens: 550
Efficacy: 55 lm/W
Certifications:
cULus, Dry Location
Protection class IP20
Controllability: Step dimming
Color Rendering: Ra≥90

Voltage

120V

Light distribution diagrams

For the full data set on all variants, see louispoulsen.com.

Material

Luminaire constructed in aluminum for durability and heat management. Springs and mounting hardware are steel.

Weight

Min: 1.715 lbs Max: 3.375 lbs

Finish

Black, Dark aluminum grey, Light aluminum grey, White

Specification sheet

Cartesian

Isolux

Polar

3/4
NJP Wall
