WARNING:

Electrical Danger   Turn Power Off
All electrical components must be

installed by a licensed electrician

in accordance with the National

Electric Code and the appropriate

local electrical codes.   c(UL)

Included LED Panel, 20 Watts
CCT Driver with temperature options for
2700K and 3000K
USE LED BULBS FOR EXTENDED USE
THIS FIXTURE IS DAMP RATED

How to install

For Hanging:

1. Using a screw driver, remove the three screws on the top of tubing ring inside the frame.
2. Take the tubing ring out and install the LED G9 bulbs (included) then tighten with the previously removed screws.
3. Loosen the hook and loop on both ends of the long hang rod to feed the wire throught it and long rod. Screw the hook and loop back onto the hang rod when the wires are fully passed through it.
4. Hook one end of the rod onto the loop inside the frame and the other end onto the hook kit.
For Ceiling:

1. Repeat step: # 1-2 above.
2. Remove the fixture loop from hook it. Tighten the hook kit onto the canopy (with small hole) with hex nut.
3. Remove the hook and loop from ends of long rod and set them aside with the short rod.
4. Feed the wire through the hook and short rod and loop , in that order and tighten them together when the wire is fully passed through them.
5. Hook one end of the short rod onto the loop inside the frame and the other end onto the canopy w/hook kit.
