Structure made of aluminum and epoxy powder coated metal to which an organic component in wood or quilted leather is added. Composed of a dimmable linear LED. Version with cable and plug available on request. Remote driver.

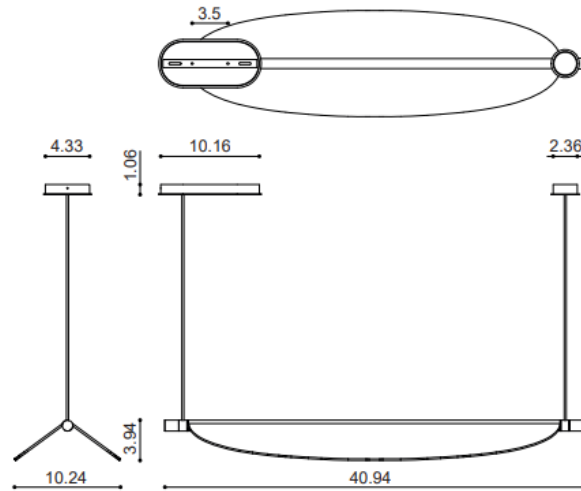

Struttura realizzata in alluminio e metallo verniciato a polveri epossidiche a cui viene aggiunto un componente organico in legno o pelle trapuntata. Composta da un LED lineare dimmerabile. Versione con cavo e spina disponibile su richiesta. Driver remoto.

ABOUT

Designed by Federica Biasi, the Thula appliques and suspension lamps are based on a simple and architectural central element with an illuminating function to which an organic component in wood or quilted leather is added in a skillful game of addition and subtraction. Consists of a linear dimmable LED; in the simple wall version it can be oriented, thus giving direct or indirect light.
