

Trufa Wall

assembly and mounting instructions

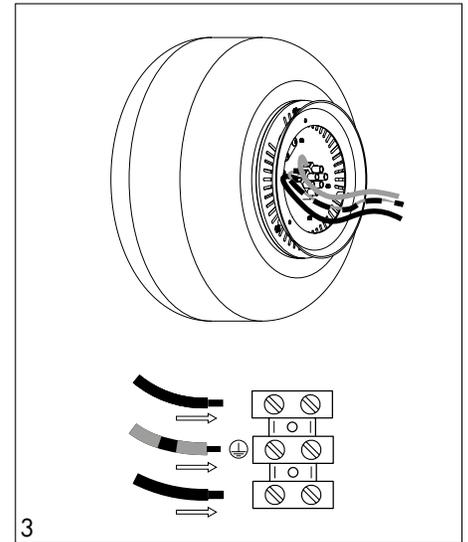

davidpompa

Unscrew the mounting plate.

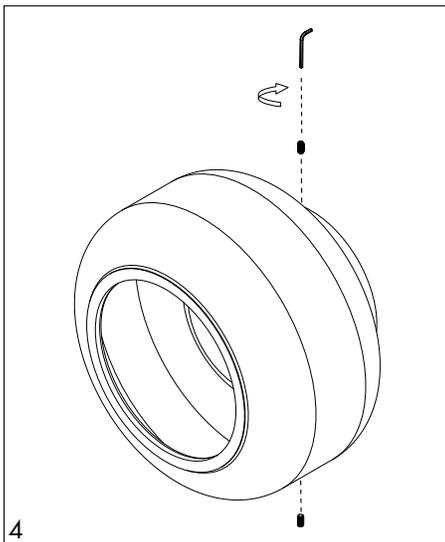

Fix the mounting plate to the wall with dowels and screws.

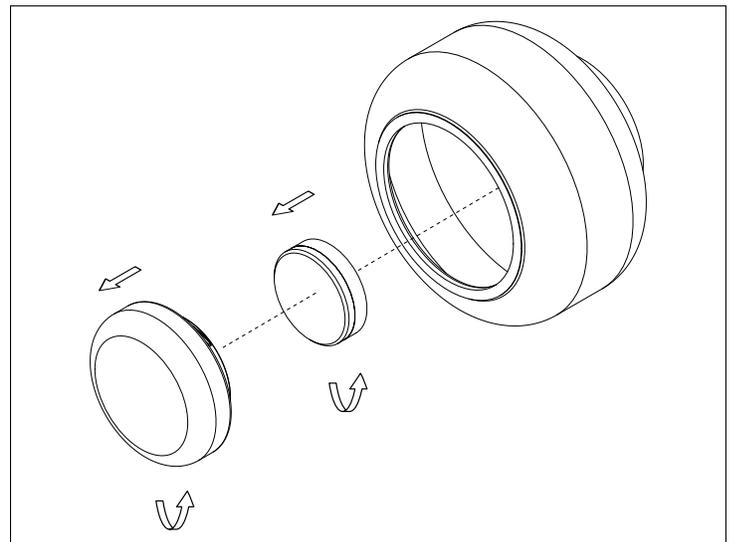

Connect to electricity using the terminal block.

Warning: Disconnect the power by turning off the circuit breaker, or by removing the fuse in the fuse box before assembling and mounting the canopy.

Fix the lamp with the screws on the mounting plate.

Bulb change: Spin off the inside opal glass, the spin off the Gx53 Bulb.

safety instruction

Lamp suitable only for indoor use. The electrical connections must be carried out by specialized personnel. If this electrical wire or cord is damaged, it should be replaced exclusively by the manufacturer, its technical team or someone with an equivalent qualification in order to avoid any risk. The manufacturer is not responsible for improper use of the product.

product care

Glass
For recycled handblown glass, wipe gently with a soft, clean cloth moistened with warm water: "isocol" rubbing alcohol may alternatively be used.

Powder coated
Dust gently with a duster or soft cloth. Do not use commercial cleaners. A clean soft damp rag may also be used.

Warning:

Use LED Gx53 Bulb only.

Use gloves while taking out the glass.
