

CORDLESS LIGHTING

2023/2024

zafferano
A M E R I C A

Cut The Cord. Shine Light Where You Want It!

Zafferano America proudly presents our 2023/2024 Cordless Lighting catalog. Zafferano offers the most extensive collection of rechargeable, battery-operated LED lamps and lighting fixtures in North America. Cordless Lamps allow you to place light wherever you want it, whenever you want it, without being tied down by a cord, a plug, or an electrical outlet. We offer light that travels with you, illuminating spaces that previously required extensive, expensive electrical efforts or be shrouded in darkness.

Our lamps are designed for indoor and outdoor use, from the rooftop to the garden to the deck to the dining room. The revolutionary technology of the rechargeable lamp, like the introduction of the mobile phone or the wireless mic, will profoundly change your view of the lamp as a utilitarian object, elevating it to an essential part of your daily life. See the lamps that have earned rave reviews from Oprah, The New York Times, The Wall Street Journal, and hundreds of restaurants across the country. Many not only use the lamps on their tables, they offer them in their gift shop as well.

Zafferano America was first to the market with Cordless Lamp innovations including contact-charging, multiple color temperatures, and replaceable batteries. We genuinely believe our lights shine brighter than our competitors and imitators. Our 100% US-based sales, shipping, and customer service teams are fluent in English, Spanish, and Portuguese. We are deeply dedicated to quality and customer satisfaction.

As the exclusive North American distributor of the entire award-winning Lampes-à-Porter cordless lamp collection by Zafferano SRL of Treviso, Italy, we invite you to experience our superior design, engineering, and quality. Once you've used one of our lamps, you will understand why Zafferano is the originator and industry leader in battery-operated, rechargeable Cordless Lighting.

Poldina

Poldina Pro

The original Poldina has often been imitated, but never equaled. Poldina has redefined the cordless lamp since its introduction in 2018, elevating indoor and outdoor spaces with style and light. In this catalog we offer many new finishes. Features include touch-dimming control and 3-CCT color temperature selection for 2200K (candle light), 2700K (warm white), and 3000K (cool white). The integrated LED module is designed and engineered to produce controlled downlight and a gentle uplight glow.

Poldina Lido

Glass and ceramic items featured are part of
the Zafferano Tableware Collection

Poldina Pro Lido

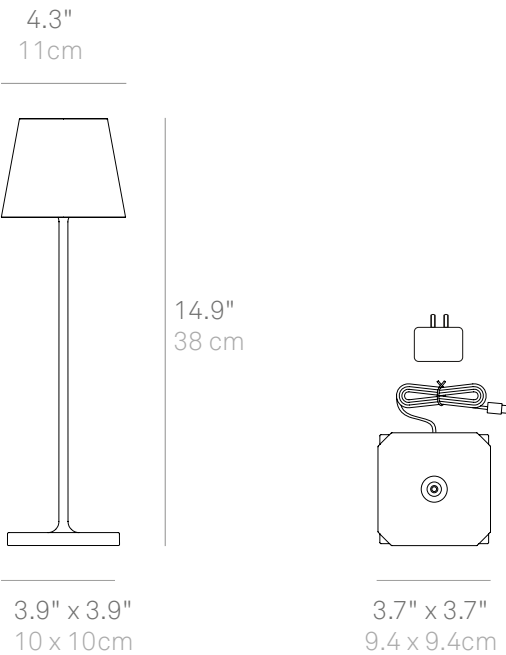

NEW

The Poldina Lido combines our modern cordless lamp with the timeless craftsmanship of Italian ceramics. The partnership with a long-established factory in Civita Castellana—a village near Rome, where the art of ceramics has been practiced since the 10th century BC—allows Zafferano to offer products which are made exclusively in Italy by hand.

Poldina Pro Upside Down Table Lamp

NEW

The Poldina Pro Upside Down lamp offers the opportunity to create unlimited decorative arrangements in the base of a cordless lamp. The base holds a food-grade removable plastic tray suitable for holding nuts or snack mixes, condiments, amuse-bouches, or dried floral arrangements such as the ones shown in the photograph above. With the tray removed, the base is water-tight and can hold potted succulents or cut fresh flowers.

Poldina Pro Peg Magnetic

NEW

The Poldina Peg Magnetic is a solution for bringing light to gardens, patios, and pathways without costly wires and transformers. The head is attached magnetically and can easily be removed and brought inside for charging. Additional stems (LD0283) can be purchased separately to increase the height of the lamp. Features touch-dimming control and has 3-CCT color temperature selection for 2200K (candle light), 2700K (warm white), and 3000K (cool white). The integrated LED module is designed and engineered to produce controlled downlight and a gentle uplight glow.
