Wave Style Switches

adorne® Wave Style Switches feature innovative technology combined with sleek, contemporary design. Simply wave your hand in front of the switch to turn lights on and off. With this touch-free motion, the Wave is ideal for countertop areas in kitchens and bathrooms. It has a preset sensor distance of approximately 4". However, this can easily be adjusted to sense movement from 1" to 6" in front of switch. Wave Switch includes a Locator Status Light which adds illumination and makes it easier to locate in the dark.

FEATURES & BENEFITS

adorne devices fit in all existing NEMA-approved wallboxes.

Heavy gauge steel frame is grounded via factory installed 12AWG ground lead. Device and metal wall plates are self-grounded to frame.

STANDARD WALLBOX

FRAME

DEVICE

WALL PLATE

adorne devices can be installed in any existing standard wallbox.

Backwire terminal screws are recessed into back of body.

Device snaps into the frame and self-aligns without any screws.

Wall plate snaps onto frame; no screws required.

Modular system solves device alignment problems, improving fit and finish in multi-gang installations.

Wall plate and frames available in 1-6 gang sizes.

adorne Collection
adorne® 20A Wave® Switch, Magnesium, with Microban®
 Part No. ASWW2032M2

Perfect for turning the lights on or off when your hands are full or messy, especially in entryways or next to the kitchen sink. The 20A Wave Switch features innovative touchless technology that allows you to control lights with a wave of your hand, for a germ- and worry-free option that also adds contemporary style to any space. Use on its own to control a light or fixture from a single location, or pair with a second switch or dimmer to control a single light source from two locations.

This switch* features enduring Microban® antimicrobial technology that works to reduce the growth of bacteria, around the clock, for the lifespan of the product.

* Existing inventory of switches, dimmers and plastic wall plates from the adorne® Collection at some partner locations may not yet include Microban® protection. To confirm that a specific Legrand product is protected with Microban®, check that the exterior of the product packaging includes a green dot or a "Protected with Microban" label.

Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

No antimicrobial efficacy claims are being made or are valid with respect to products sold in Canada.

Features & Benefits

Helps fight the growth of stain and odor-causing bacteria through the invisible and continuous product protection of Microban® antimicrobial technology

For complete installation, device must be paired with an adorne® screwless Wall Plate (not included). Available in a range of contemporary colors and stunning finishes.

Features innovative touchless control for a convenient, germ-free way to turn on lights...all it takes is a simple wave

Installs easily in 15 minutes or less, fitting into an existing electrical box. Usable in both single-pole and 3-way applications

Made for use in both residential and commercial applications; features durable construction to withstand rigorous cleaning practices

Includes a rating of up to 3/4 HP for adding touchless control to small motors

Adjust the internal sensor to respond to movement from 1"-6" from the switch face to fit your space and needs

More color options available to fit any style, including finishes to match current hardware and lighting trends
