

**Silicone band installation addendum**  
**C-10166 Linea Chandelier**  
**C-47000 Linea Wall Sconce**

11.02.06

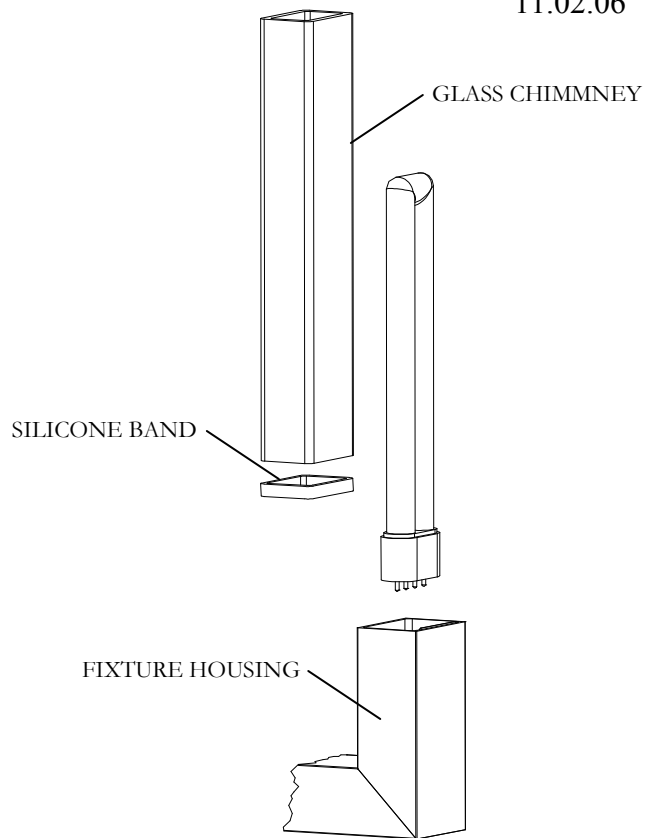

**Installer please Note:**

The glass shade requires the installation of a silicone band to eliminate rattling or possible damage to glass during installation.

**Step 1** Please install the silicone band on glass shade, cover lower portion of glass at one end (approx 1/2" from edge)

**Step 2** install lamp into the lampholder, do not exceed the recommended label wattage.

**Step 3** Align the glass shade over the lamp, then carefully slide the shade into the housing with the silicone band positioned into the housing to prevent movement or damage of glass.
