

Ava™

The perfect technology for makeup.

EM
ELECTRIC
MIRROR®

Ava helps you look flawless in any environment.

With SmartLook™ Technology, Ava can change the light color to closely match the environment you're about to encounter, making precise makeup application possible.

Outdoors, indoors or an evening out, Ava can change the color of light to match a variety of settings, helping you easily bring out that beautiful, confident you.

This product is protected by one or more patents.

Makeup application made simple.

Ava gives you the confidence to look your best in any environment. The tunable LED lights let you select the color that best matches the environment you're preparing for — outdoors, indoors, or evening.

2,700K

Perfect for an intimate evening dinner, that new nightclub hotspot, or curtain rise at the theater.

4,600K

Excellent for that important meeting in the boardroom, a busy day on campus, or a quick get-together with friends for lunch.

6,500K

Ideal for a leisurely day at the pool, a brisk mountain hike, or even 18 holes at the local country club.
