# Sleepy Baby® LED Bulb

## SLEEP-ENHANCING P15 NURSERY LAMP

Our Sleepy Baby® LED Nursery Lamp was designed with our proprietary technology to minimize light that would disturb your infant's sleep. Sleepy Baby can be used at night whenever you need the lighting on to care for your little one. The custom engineered LED spectrum helps babies to develop a natural circadian rhythm, fall asleep faster, stay asleep longer and fall back asleep quicker if awoken in the middle of the night.

*For Best Results:* Use the SleepyBaby LED lamps for any illumination in the evening, especially before going to bed and during standard bedtime routines. Please turn off SleepyBaby before going to sleep, as the best sleep is always attained in a dark, cool room. SleepyBaby should be used if light is required during any nighttime activities, such as changings or feedings.

- **Start Your Baby Out Right:** Supports your baby to develop healthy sleep-wake patterns right from the start
- **Patented Technology to Encourage Healthy Natural Sleep:** Proprietary light spectrum technology minimizes the types of light energy known to cause sleep disruption
- **High Quality Light At Night:** In addition to supporting sleep, the SleepyBaby light provides comfortable, warm light with high color rendering
- **Standard E26 Base:** Fits most nursery/ household lamps

## PRODUCT SPECIFICATIONS

SPECIFICATIONS <sup>1</sup>	LSH P15 25WE SLPB 120 SH BX	LSH P48 25WE SLPB ND E27 240 SH BX
Correlated Color Temperature	2100 K	
Output (Lumens)	275 lm	
Melanopic/Photopic Ratio (M/P)	0.27 +/-0.02	
Color Rendering Index	>=85	
Equivalent Source Standard	40 WE	
Input Voltage (V)	110-120 V	220-240 V
Power Consumption	4.5 W	
Power Factor	> 0.9	
Dimmable	Yes	No
Product Dimensions (LxWxH in/mm)	1.9 x 1.9 x 3.5 in / 45 x 45 x 90 mm	
Weight (lbs/g)	0.07 lbs / 32 g	
Base	E26	E27
Warranty	3 Year Limited	
Environment	Damp	Dry
Certifications	ETL, FCC, RoHS	CE, RoHS

<sup>1</sup> Specifications and values supplied are nominal and are subject to change without notification
