

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Attach the mounting bracket (A) to the outlet box and secure by using the two screws (B).
4. Connect the white wire from the fixture to the white wire of the outlet box.
Connect the black wire from the fixture to the black wire of the outlet box.
Connect the ground wire from the fixture to the ground wire of the outlet box by using the wire connector provided.
5. Install the fixture (D) onto the mounting bracket (A) using side screws (C).
6. Place the glass shade (F) and socket cup (G) onto the socket (E), and secure them with the socket ring (H), use the socket ring tool for installation (take out after finish installation).
7. Install a proper bulb (not included) into socket (E) referring to the markings and/or labels on the fixture for maximum wattage.
8. Restore power to the installation point and retain this sheet for future reference.
