Side By Side Wall Sconce By Astro Lighting

Description

The Side By Side Wall Sconce features a clean and simple design with a rectangular backplate and adjustable LED spot light supporting a tapered fabric shade. The sconce can be mounted with the backplate horizontally so that the spot light is on the side or vertically so the spot light is below the main light. Side by Side is available with or without a USB port for a charging cord, making it a functional and stylish as a reading light flanking a bed. Independent on/off switches for LED spotlight and wall sconce are located on the backplate. One 3.2 watt non-dimmable LED module for spot light is included (2700K, 24.4 degree beam angle, 126 lumens). Note: The 11.8 inch size is only available with Oyster or White Shade. The 12.6 inch size is only available with Black, White, or Putty shade.
