Chiara Floor Lamp By FLOS

Description

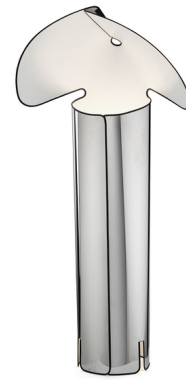

Experience the iconic artistry of the Flos Chiara Floor Lamp, a masterful creation by Mario Bellini that has captivated designers and enthusiasts since its inception. This lamp is a triumph of sculptural form and ingenious light diffusion, featuring a distinctive reflecting body crafted from aluminum sheet metal. The lamp's innovative structure is created by a single piece of material, intricately folded and closed via subtle hooks that are riveted to the sheet metal, forming a soft, enveloping shape. The Chiara is available with a sleek Stainless Steel finish accented with a bold Black edge, providing a striking contrast that emphasizes its unique silhouette. This floor lamp delivers a beautiful, diffused glow that fills the space with a warm, inviting ambiance, making it a powerful yet elegant statement piece. Equipped with a convenient dimmer switch on the cord, you can easily adjust the light intensity to create the perfect mood. The Chiara Floor Lamp is more than just a light source; it's a testament to design innovation, offering both visual allure and exceptional illumination that commands attention in any contemporary interior.
