Karl Cabinet

By Global Views

Description

The Karl Cabinet is named after Karl Storms, a man whose passion and warmth are organic and boundless. With a seemingly hard exterior, his true nature is soft. His manner is simple, but his depth profound. The carcass is finished in a gently undulating resin, modeled after gesso, that is soft and organic to the touch. The cast resin doors are fashioned after pleated steel. The Karl is appointed with a handsome walnut interior that offers two drawers with removable eco-suede liners, two adjustable shelves, and a mouse hole for easy wire access.
