Toile Bedside Chest

By Global Views

Description

The Toile Bedside Chest is wrapped by hand in fine Belgian linen then given a multi-layered paint glaze. Each piece features an oak-lined interior and custom hardware with antique brass finish. A technique that fell out of favor for many years, fabric-wrapping furniture is an exacting art we have revived with the help of one of the industry's leading manufacturers of fine accent furniture. Slat back design allows for easy access to component wiring. Available in White or Gray.
