## Above LED Pendant

By Louis Poulsen

### Description

The Above LED Pendant emits soft comfortable downlight that brings a contemporary touch into your interior. The conical shape and the matte, white-painted inside help assure even distribution of the light. The opening in the top of the fixture provides decorative illumination of the arch above, and ensures that the fixture retains the full expression of its visual shape both when illuminated and when switched off. Available in Static White (3000K) 120-277V with 0-10V dimming, or Warm Dim 120V 3000K-1800K color temperature with Phase or 0-10V dimming.
