Discovery Space Rectangular Pendant By Artemide

Description

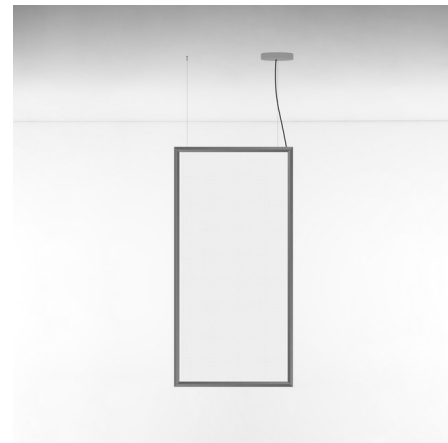

The Discovery Space Rectangular Pendant by Artemide, a groundbreaking design from Ernesto Gismondi, challenges the very notion of materiality in lighting. This fixture appears as a seemingly unobtrusive, almost ethereal element, embodying a profound sense of absence until it bursts into an ethereal glow. A remarkably light rectangle rim discreetly houses an advanced LED strip, which injects light into a specially worked surface. This surface, embedded with micro-particles so minuscule they're barely perceptible when the light is off, undergoes a stunning transformation upon activation. As if by magic, the transparent interior appears to fill with light, turning absence into a perfectly diffusing, luminous surface. This extraordinary visual effect makes the Discovery Space Rectangular Pendant a captivating focal point in any Contemporary space. It's available with a sophisticated Black, Bronze, or Polished Aluminum finish, allowing for seamless integration into diverse interior palettes.

Specifications

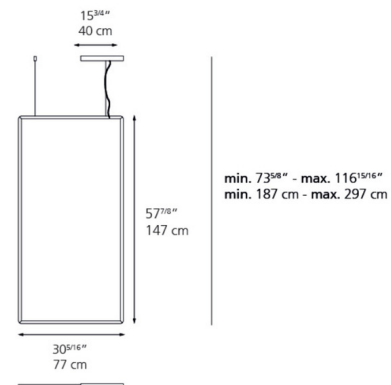

COLOR Transparent
BODY FINISH Polished Aluminum
WATTAGE 47W
DIMMER 0-10V
DIMENSIONS 30.31"W x 57.875"H
INTEGRATED LED MODULE 1 x LED/47W/120-277V LED
COUNTRY OF ORIGIN Italy

Technical Information

PRODUCT DIMENSIONS Max Overall Height: 116.94"
COLOR RENDERING 90 CRI
LAMP COLOR 3000K
LUMENS/WATT 85.15
LUMINOUS FLUX 4002 lumens

Shown in polished aluminum / transparent
