In Vitro Outdoor Wall Sconce

By FLOS

Description

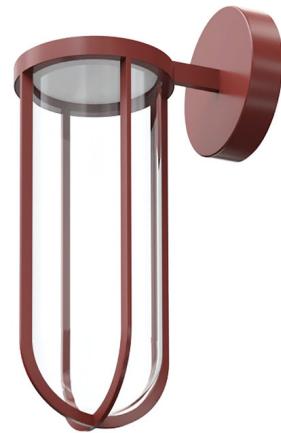

Transform your outdoor walls into canvases of light with the Flos In Vitro Outdoor Wall Sconce, an elegant fixture that brilliantly modernizes the timeless lantern. This design is a harmonious fusion of innovative craftsmanship and cutting-edge technology, projecting an inviting and atmospheric glow. A discreetly concealed LED light source appears magically lit, warmly radiating through the slender glass dome shade, creating a captivating halo on your exterior surfaces. Available in a refined spectrum of finishes, the In Vitro Wall Sconce offers versatility to complement any architectural style or landscape. It provides practical lighting options, with choices for Non-Dimmable or 0-10V dimming, and either a crisp 3000K or warm 2700K color temperature. Durably constructed and UL listed for wet locations, this sconce is engineered to provide reliable, beautiful illumination for years to come, enhancing the curb appeal and functionality of your outdoor living areas.
