In Vitro Outdoor Ceiling Light By FLOS

Description

Elevate your covered outdoor spaces with the refined illumination of the Flos In Vitro Outdoor Ceiling Light. This elegant fixture reinterprets the classic lantern aesthetic into a contemporary structure, seamlessly blending meticulous craftsmanship with advanced lighting technology. A cleverly concealed LED light source appears to magically emanate light, diffusing a warm and inviting glow through its slim, transparent glass dome shade, creating an atmospheric ceiling treatment for patios, porches, or outdoor kitchens. The In Vitro Ceiling Light comes in a sophisticated array of finishes, ensuring a perfect match for your outdoor design scheme. Lighting preferences are catered to with options for Non-Dimmable or 0-10V dimming, and a choice between a functional 3000K or a warmer 2700K light color temperature. Built for enduring outdoor performance, it is UL listed for wet locations, guaranteeing reliable and beautiful overhead illumination regardless of the weather.
