Hawthorn Swing Arm Wall Sconce By Golden Lighting

Description

This industrial-inspired design blends old and new. Hawthorn features accordion-style components that can be extended to maneuver the shade to your preferred position. Elongated cutouts on the steel shade cap are reminiscent of vintage machinery. The fixture can be adjusted for style and focused task lighting. The extending feature can be locked in place with thumbscrews for fixed directional lighting. An on/off flip switch can be found on the fixture's plug-in cord. The collection is available in a choice selection of finish and shade color combinations. The interior of the shade is painted to match the exterior. Can be used as a plug-in or hardwired.

Shown in aged brass / aged brass / aged brass
