Swoosh Table Lamp

By John-Richard

Description

The Swoosh Table Lamp brings a detailed look to your room. The heavy nickel patterns of the body rest on a marble base and is topped with a rectangular linen shade. Three way switch is located on the lamp socket. This item is made by hand using artisanal primitive bending and welding techniques. The imperfections in the seams and body are reflections of the piece's handmade nature and are part of its innate beauty. No two will be identical.
