Three Flowing Wave Table Lamp

By John-Richard

Description

The Three Flowing Wave Table Lamp is a clean decorative addition to your room. The hand formed waves of the body is topped with a drum shaped linen shade. Three way switch is located on the lamp socket. This item is made by hand using artisanal primitive bending and welding techniques. The imperfections in the seams and body are reflections of the piece's handmade nature and are part of its innate beauty. No two will be identical.

Shown in nickel / off white
