DESCRIPTION

Originally conceived in 1967 by Angelo Mangiarotti, the Minigiogali Cascading Ceiling Light derives both its name and shape from the Italian word *giongher*, referring to the rope used to tie a horse or ox-driven cart to the yoke. The fixture is composed of a multitude of small, rope-like crystal hooks, which are linked together to form a net of glistening glass. The crystal is draped from the light's frame, obscuring the light source and creating a gleaming cascade of light. With its delicate and glamorous aesthetic, Minigiogali will enhance any interior with an elegant sparkle. *Note:* Due to the weight of the fixture, additional ceiling support is required.
