Archello Ceiling Light

By Dainolite

Description

The Archello Ceiling Light is a striking and structured addition for spaces. Nestled next to the ceiling, a caged construction tapers around a set of exposed bulbs, creating a diamond-shaped frame. This simple and geometric silhouette is dressed up with a bold finish, and an even layer of light playfully escapes through each of the open sections of this piece, making a confident statement in the rooms it brightens.

Shown in antique brass / black
