Array Horizontal Wall Sconce

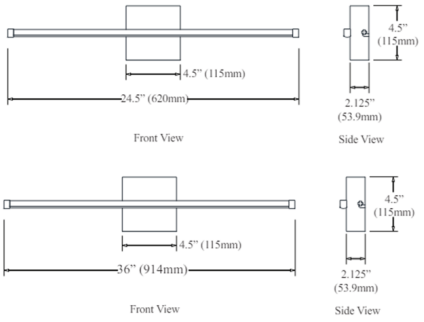

By Dainolite

Description

Modernize your home with the sleek and simple design of the Array Wall Sconce. A square metal wall mount anchors the fixture to the wall while a slender, horizontal oriented bar rests at its center. A seamless LED strip lines the front of the angular bar, containing its energy-efficient lamping and emitting a balanced and widespread wash of light throughout its surroundings. Small metal accents cap each end of the piece, providing the only decorative touch for this clean and sophisticated fixture.

Shown in polished chrome / white
