Oversized Tapered Drum Pendant

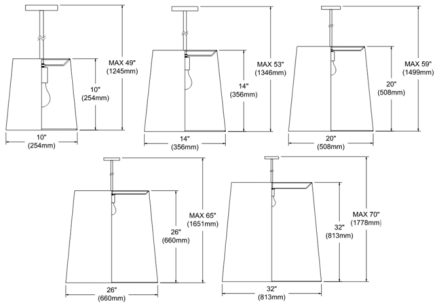

By Dainolite

Description

The Oversized Tapered Drum Pendant provides minimalist designs like this communicate confidence with the visual clarity of geometry. The disappearing character of the slim suspension helps make the piece a standout on its own or in sequence over a table. The fabric shade fine-tunes the traditional tapered shade to its essential form. The depth of the shade gives depth to its light as a diffused down glow streams through the opening. Note: Not all options are available.
