Summit Pendant

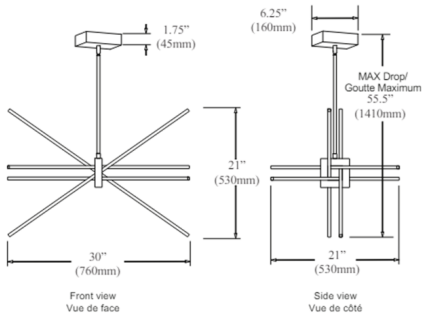

By Dainolite

Description

The Summit Pendant is a sleek and minimalistic piece that adds a bright touch to the spaces it is in. With a simple, pared-down, starburst silhouette, a single down rod supports a rectangular center that an array of slender metal arms expand from. With a beautiful finish, these arms filter an even layer of energy-efficient light through acrylic diffusers, illuminating surroundings with a sophisticated and contemporary look.

Shown in matte black / white
