Toni Bistreau Table

By Fatboy USA

Description

The Toni Bistreau Table features a bold design with a hexagonal pattern that is reminiscent of the woven cane often seen in traditional bistro tables, but crafted from aluminum for a modern and sturdy feel. The table is light enough to move around your outdoor spaces and can easily stack to make storage easier. In the center of the table features a hole cover that can be removed to place an umbrella or Toni accessory candleholder in the middle of the table for romantic dinners at night. All weather and UV resistant, suitable for indoor and outdoor use.
