## Mirror Ball Linear LED Multi Light Pendant By Tom Dixon

### Description

The Mirror Ball Linear LED Multi Light Pendant was an attempt to produce a completely spherical, highly mirrored object that would disappear into its surroundings. Instead it does the opposite and is an ultra-visible, highly reflective object that mirrors its environment. The Mirror Ball Linear Multi Light Pendant features five matching globe pendants that hung from a linear canopy. Available in Copper or Gold. UL and CUL listed.

Shown in white / gold
