Outdoor 24VDC Tunable White Power Supply with DMX

By PureEdge Lighting

Description

The Outdoor Class 2 Universal Power Supply utilizes drivers for powering 24VDC constant voltage products and is ideal for Dynamic Color Changing, damp or wet location LED lighting solutions. Available in a 100 or 2x100 watt option. Power supply is designed to provide regulated voltage through the DMX driver to the LED module. Designed for PureEdge outdoor Cirrus, Strip Lighting and Flex Neon. Can be controlled using the CDMX1-2XK Tunable White single zone DMX touch controller or the CTP multiple zone DMX touch controller. ETL listed for outdoor wet locations.
