Artemis Chandelier

By Cyan Designs

Description

The Artemis Chandelier provides an excellent source of radiance for the room with a mid-century modern and minimalist look. The two-toned finish and shade-less design of the fixture allows it to blend in and complement the surrounding environment. Adding a half gold bulb gives this fixture a unique look that fits in with the style of this fixture. The fixture is suspended using a combination of chain and mounting stems that can both be adjusted.

Shown in noir / gold leaf
